

## Care and Maintenance of Your Vinyl Fence

Thank you for choosing Witt Fence Co. to install your Vinyl Fence. It is easy to maintain the beauty of your new Vinyl Fence. The following information will help keep your vinyl Fence looking like new.

### Normal Maintenance

1. Purchase an ordinary, long-bristled car washing brush at any auto supply store. This brush has soft bristles and the handle fastens onto the end of your hose. You wash the fence just like you wash your car.
2. If the dirt is hard to remove, such as soot and grime found in industrial areas, wipe down the fence with Simple Green\* and follow instructions on label for dilution.
3. If mildew is a problem in your area, Simple Green\* will work for mildew.
4. When washing your fence, start at the bottom and work up to the top to prevent streaking.
5. If stubborn stains exist, use the following chart. Follow the preliminary labeling instructions on the cleaning agent container. Protect shrubs from direct contact with cleaning agents.

### Extreme Stain Removal\*\*

Staining Agent	Cleaning Agent	Preparation	Special Cleaning Procedures
Light oils and greases' Heavy grease, Caulking Compound, Wax, crayon, Asphalt, Tars, etc.	Solvents – Mineral spirits V.M.P. naphtha Auto tar remover	Remove excess with plastic or wood scraper	Use soft cloth to apply mineral spirits Avoid polishing stained area by using too much pressure.
